

Why Automate with VueturaTrac Evidence™?

“One of the greatest routine stresses of law enforcement activities is evidence management. Lost or missing evidence can completely disrupt the core of any agency including the potential loss of careers or criminal prosecution from mismanagement or lax procedures.”

-Major Connie Cooper, Office of the Sheriff, Miami Dade County

What Features Does VT Evidence™ Offer?

The system offers top-of-the-line tracking features which include:

- Handheld models with PDA data acquisition.
- Custom connectivity to internal departments and external agencies.
